

KENYSON OLIVEIRA LOUREIRO

Front-End Engineer

Email: kenysonoliveira@gmail.com

Phone: +39 392 887 6051

Location: Pederobba (TV), Italy

Profile

Front-End Developer with experience in developing and modernizing web applications using Angular, AngularJS, TypeScript, and modern web technologies.

I have participated in digital transformation projects for the logistics and foreign trade sectors, contributing to the migration of legacy systems to modern architectures and the development of high-impact operational features.

Strong problem-solving skills, Agile teamwork, code quality focus, and continuous learning mindset.

Professional Experience

NTT DATA Business Solutions (formerly Conexos)
